## Investment Objectives

Our objective is to provide investors with consistent, stable returns while prioritising capital preservation and risk management. We aim to achieve an annualised total return of 1.5% plus the RBA rate, net of fees and expenses. Our focus is on delivering competitive yields and ensuring liquidity to meet the income needs of our investors.

## Investment Strategy

Our investment strategy is focused on generating steady income while preserving capital through a well-researched and actively managed approach. We invest in a diversified portfolio of underlying credit assets that provide stable income, along with direct lending to further enhance income potential. The Fund is actively managed to seize income opportunities and preserve capital through dynamic market analysis. Our strategy is responsive to inflation trends, ensuring balanced income generation and steady asset growth.
